OBJECTIVE

As a recent graduate with a Diploma in Information and Communication Technology (Software Engineering), I am actively seeking an internship opportunity to apply and further develop my skills in a practical IT environment. Eager to contribute my solid foundation in software engineering, programming, and technology solutions to a dynamic team. Excited about the prospect of an 8-week internship to gain hands-on experience, refine my capabilities, and contribute positively to the organization's goals.

YUE ZI JET

EXPERIENCE

NOV 2021 – MARCH 2022

Worker • Pica Print House

1/12/2023 – 3/12/2023

Event Job (Sales/Promoter) • KLCC

EDUCATION

Diploma

- Diploma in Information and Communication Technology (Software Engineering)

PROGRAMMING SKILLS

Good at using different computer languages like Java, Python, HTML and Lua. I've used these skills in class projects to turn ideas into working programs. I enjoy solving problems and making sure my code does what it's supposed to.

PROBLEM-SOLVING AND ANALYTICAL THINKING

Skilled in identifying and solving problems logically. Through my studies, I've developed a strong ability to analyse issues and find effective solutions. I enjoy approaching challenges with a systematic mindset and finding creative ways to overcome obstacles in the world of IT.
